Lab Audit

Dear Colleagues,

I am forwarding you the Covance Harrogate Laboratories response to PM audit report.

Since lab control affects our study results, we must follow up on Covance's corrective and preventive action items very closely. In Robin's absence, in order for me to follow up on this in a timely manner, I need your feedback by Wednesday (8/25/04).

I would also like to take this opportunity to thank Chris, Ric, and Klaus for the thorough audit you conducted on behalf of CE and the comprehensive report you prepared. Please review and let know your thoughts as well. I will schedule a meeting with you after I have received the comments from my CE colleagues.

Best regards,
Shixia
